

# **ELECTRON Cu**

Trace element mix

**FOR HEALTHY, VIGOROUS AND RESISTANT PLANTS UNDER ADVERSE CONDITIONS**

**BIO** - suitable for use in organic farming, agriculture, in accordance with the requirements of Reg. EC 848/2018 & 1165/2021

**FOR AMATEUR USE  
SOIL IMPROVER**

## **QUARANTEED COMPOSITION:**

- Ionic water-soluble copper (Cu): 102 ppm
- Ionic water-soluble zinc (Zn): 30 ppm

**DESCRIPTION:** ELECTRON Cu is a formulation of two important trace elements, copper, and zinc. Due to the ionic form of its components, it penetrates rapidly into the plant tissues when sprayed on the foliar, enhancing the plant's defense and resistance.

The unique technology of ELECTRON Cu allows the ions of its nutrient to remain stable and bioactive until they are fully absorbed by the plant, significantly increasing their concentration within a few days of application.

It does not stain or dye the plants that are sprayed. ELECTRON Cu intensifies the production of substances to nourish flowers, fruits, roots and all plant organs, thus causing an increase in production. It is applied by universal and uniform foliar spraying until run-off. Foliar application should be carried out at a time of day that is not conducive to rapid evaporation of the spray solution.

**METHOD AND TIME OF APPLICATION:** ELECTRON Cu is applied to all your plants, Apple, Pear, Stone fruits (Peach, Cherry, Plum, Apricot etc.), Acorns (Almond, Pistachio etc.), Citrus, Olive, Vine, Vegetables-Horticultural, Floral- Ornamental.

Apply by foliar spraying, with an even and uniform wetting until run-off throughout the year. Repeated applications may be required.

**PRECAUTIONS:** - Away from children. - Wash hands thoroughly after handling. - Avoid release into the environment.

**Poison Centre Telephone: 1401**

## **STORAGE CONDITIONS:**

Store in its packaging, at a temperature above 0°C, in an enclosed store, protected from extreme temperatures, fire and moisture.

## **SHAKE WELL BEFORE USE**

### **Distributor:**

**Premier Shukuroglou Cyprus LTD**

Address: 4 Iordani Shukuroglou, Latsia 2234, Cyprus
