

# **SPEED BLOOM**

## **LIQUID FORMULATION OF POTASSIUM, PHOSPHORUS & NITROGEN**

**For the lush flowering of your plants**

### **FOR AMATEUR USE**

### **SOIL IMPROVER**

#### **QUARANTEDD COMPOSITION:**

- Potassium (K): 1200 ppm
- Phosphorus (P): 400 ppm
- Nitrogen (N): 200 ppm

**DESCRIPTION:** SPEED BLOOM is a potassium rich NPK foliar formulation. Its suitable for application at all stages of cultivation. **Nitrogen** enhances vegetative growth and provides plants with a clean and lush foliage. **Phosphorus** strengthens the root system giving plants a healthy and robust appearance. **Potassium** plays a key role in the quality characteristics giving our plants rich flowering with impressive color and size of flowers.

It also contains a sufficient amount of trace elements which enhance the nutrition, good health and appearance of the plants.

**METHOD AND TIME OF APPLICATION:** SPEED BLOOM is applied to all your plants, Flowering & and Ornamentals, Apple, Pear, Stone fruits (Peach, Cherry, Plum, Apricot etc.), Acorns (Almond, Pistachio etc.), Citrus, Olive, Vine, Vegetables-Horticultural.

It is applied by universal and uniform foliar spraying until run-off throughout the year.

Repeated applications may be required.

**PRECAUTIONS:** - Away from children. - Wash hands thoroughly after handling. - Avoid release into the environment.
